“ I thank all the people who remember the good things that my dad did for the community and during his life. During bad weather, he assisted with the current weather conditions. Once, I remember when he came home from the Civil Defense (CD) center during bad weather and yelled-Store Shelter! in a way like never before... we knew this was not a drill (he always drilled us), but an actual fact. A tornato hit the subdivision right past where we lived. He helped with parades, volunteered at NorthOaks Medical Center, tried to teach us morse code (his ham radio license has always been K5EEB... (Kilo5EchoEchoBravo) Shondor (spelling?) (for Alex) AND got those speed signs and three way STOP signs (ugh) put up on Weinberger Road. He loved music.....he would call me and I would listen to the latest that he learned on the guitar from watching music vidioes. He also loved nature. Hunting, fishing (hadn't done in a long time), but mostly I remember his paintings of the mountains. I will always remember the good things that my dad offered to this world. As everything on earth, there are flaws. BUT our flaws are covered by the blood of Jesus. You just have to accept Him in your life and be washed by the blood that He shed for you. Seek and you shall find..##imported-begin##Tessie Langer Kraemer##imported-end##

“ Cindy and Tessie, I was so sorry to read about your Dad. He was such a great help to Mr Bobby during the hurricanes and other times as needed for Civil Defense. You girls did your part by sleeping at the CD office so your Dad could do his important work. Mr Bobby was glad Alex agreed to take over the reins when he could no longer be the Director. My heart goes out to you.##imported-begin##Mrs. Robert E. Perrin, Jr##imported-end##
