“ Buster was like a second dad to me. I practically lived at their house during most of my high school and college. He was one of the hardest working men I have ever met and his commitment to family was monumental! There will be a huge “hole in my heart” now that he has passed. He will forever be a hero in my heart and I wish I could have spent more time with him.

“ *Mr Buster was our neighbor, we moved next door about 4 yrs ago. He and Mrs Phillis have become more to us than just neighbors, they have become family. I will miss him fussing at Ruben for working to much, and coming out the house to just be nosy to see what Mrs Phillis and I were talking about. When my youngest daughter Emma would go over there to show them a new routine he would smile at her and say how good it was, that just made her day. Words can not express how much Mr Buster had blessed our family, or can not express just how much we will miss him.*

“ *94 years and it still wasn't long enough for me. How I will miss that grin and the way your eyes lit up. You were larger than life and made an impression on every person you ever met. I didn't tell you how proud I was of you, how I loved the way you loved people, your fearlessness, your silly streak, your passion for the things you cared about. I am lucky to have had you for so long, and grateful that my children knew you. I love you Grandpa.*
