“ Dear Sabrina, Olivia & Trey,

*I was shocked and very saddened to see Lionel's name on the Memoriam Page of this month's Air Line Pilot Magazine. Flying with Lionel was an absolute pleasure. Lionel's superb and professional flying skills were only surpassed by his home spun, down south humor. I so much looked forward to our flights together to hear his latest quips.*

*I remember how proud Lionel was of the T-shirts he was printing up when the Tigers weren't doing too well, it read "LSU - A drinking school with a football problem". Lionel often joked, loudly in the crew room, that when he retired he was going to open a barbequed Nutria on a Stick shop. Lionel said there was nothing tastier than fresh caught Nutria right out of the canal. I told him I wanted to buy the first franchise in Colorado once he got it up and running.*

*I had always hoped to run into Captain Duhe someday when non-reviving to see the pride imitating from him as he sat in the well earned Captain's seat. I guess now I'll have to wait awhile to see Lionel once again. I know he'll be there laughing when my time comes.*

“Crew Schedule for FO Duhe.”

*I was Lionel's crew scheduler in the mid '90s when he was on the SF3 in MIA with American Eagle. He was one of my favorite MIA reserve crewmembers to work with. As I got to know Lionel better, he went beyond a favorite crewmember to being a friend that I admired and respected.*

*Lionel was a good man! He was conscientious and had great integrity. He always said what he meant, and meant what he said, was strong in his convictions and unapologetic for them.*

*His smile and laugh would light up a room, and his wisdom, cool head, and positive character would always prevail. I'm so thankful that we stayed in contact even after he left AMR for Continental and I left for nursing school.*

*There will never be another Lionel. His heart was as big as he was tall. He was devoted to Sabrina, Trey, and Olivia as well as his siblings and extended family. He always tried to treat others the way he would want to be treated, and whether he meant to or not he was always setting the example for others to follow.*

*Lion-el, I still can't believe you're gone. You'll always be my favorite fellow Coona...*

“ Over these difficult times of uncertainty and unwelcome changes, Lionel stood tall among us as a man of superb integrity combined with a sincere sense of personal responsibility for a greater good. We flew together often on long trips on the 767. He is dearly missed by all who knew him. Lionel upgraded to the left seat on the 737 not for status or monetary gain. As he said to me, "to be a fly in the ointment". He knew he could make things happen far better as a captain. Rest in peace

### *Flyer's Prayer*

*When this life I'm in is done,  
And at the gates I stand,  
My hope is that I answer all  
His questions on command.*

*I doubt He'll ask me of my fame,  
Or all the things I knew, Instead,  
He'll ask of rainbows sent  
On rainy days I flew.*

*The hours logged, the status reached,  
The ratings will not matter.  
He'll ask me if I saw the rays  
And how He made them scatter.*

*Or what about the droplets clear,  
I spread across your screen?  
And did you see the twinkling eyes.  
If student pilots keen?*

*The way your heart jumped in your chest,  
That special solo day-  
Did you take time to thank the one  
Who fell along the way?*

*Remember how the runway lights  
Looked one night long ago  
When you were lost and found your way,  
And how-you still dont know?*

*How fast, how far, how much, how high?  
He'll ask me not these things  
But did I take the time to watch  
The Moonbeams wash my wings?*

*And did you see the patchwork fields  
And moutains I did mould;  
The mirrored lakes and velvet hills,  
Of these did I behold?*

*The wind he flung along my wings,  
On final almost stalled.  
And did I know I it was His name,  
That I so fearfully called?*

*And when the goals are reached at last,  
When all the flyings done,  
I'll answer Him with no regret-  
Indeed, I had some fun.*

*So when these things are asked of me,  
And I can reach no higher,  
My prayer this day - His hand extends  
To welcome home a Flyer.*

“ To the Duhe family, relatives and friends,

Never was there a man, in my lifetime, who was more outspoken, accurate, meticulous, persuasive, blunt, strict, political, relentless, opinionated, direct, exhausting, and... JUST PLAIN OLD LOUD! That would be Lionel as my flight instructor during the Eagle Aircraft era, a friend whom I truly admired and respected throughout the years. He could place on public display all of these “aggressive” qualities and more, with an allure that could not be resisted. How did he manage to pull off such a brazen yet appealing personality? Well... Lionel’s icing was that he was also dedicated, wise, humorous, trustworthy, responsible, caring, candid, influential, sensible, and honest... AND JUST PLAIN OLD LOUD! He taught me well and I’ll miss him!

“ We’ve heard all the magnificent stories from relatives, co-workers, friends from afar and to know Lionel was truly a gift to ones-self. But to have the honor of being a neighbor - back-door neighbor is as good as it gets!! How lucky are we to have witnessed the true family man he was. Our yard was his yard, his yard was our yard - separated only by the famous ditch and where he built us a bridge. We were family not by blood but by association. Association of watching him raise his two beautiful kids, his love for Sabrina. We watched across the fence as he cut his grass, build his beautiful new shed, prepare for the new pool, grill for his family and of course the boisterous voice coming from that huge love of life man! He was such a family man - as good as it gets! He had his family-man wings (daddy/husband) that flew him higher than high!!! We will miss you good neighbor, more than anyone knows!!!

“ I first met Lionel when he was a young pilot trying to build flight time so he could advance to the airlines. He flew my twin Comanche for a medical doctor who was a partner in the plane but a non-pilot. He also shared some business flights with me as my co-pilot; he was a natural pilot, gifted with very fine flying skills and mature judgment. He coupled that in later years with being an upright family man and member of the First Presbyterian Church community. His loss is a dear one to us all. “ Saying Lionel will be missed is an understatement. Please accept our thoughts and prayers for his family as we grieve here in KY for this loss. “ Lionel had a gift of making those who were around him smile and laugh. I worked with Lionel at United and whenever I had the pleasure to visit with him I always left him with a smile. His bright light and his gift of makers others feel better if just for a short time will be missed.

May God Bless Lionel Duhe.##imported-begin##Lex Wildman##imported-end##

“ I did not have the pleasure of knowing Lionel but I was part of his Continental family. I am a flight attendant and my husband is a captain. Hearing the news hit so close to home- the second I heard the news I reached out to my husband telling him how much I loved. An event likes this makes life seem so precious and the only thing that matters is your loved ones. My heart breaks for your family and I hope you know that MANY people were touched by Lionel's passing, without ever even knowing him. From what I read on the pilot forum, MANY of his fellow co-workers spoke so highly of him. My heart goes out to the family of Captain Lionel Duhe.##imported-begin##Rita Botto##imported-end##

“ To the Duhe family...

*Laurie and I were just literally shocked to hear of the loss of Lionel.*

*I cannot imagine how you must feel.*

*Lionel was a dear friend and confidant of mine. We crossed the Pacific many times together, all the while discussing every subject you could possibly imagine. Normally, these conversations would end with some hilarious reference to Lionel's "love" for politics. His infectious happiness touched everyone around him.*

*As a Captain, Lionel held his passengers well-being as a sacred, personal responsibility well beyond any expectation. I can personally attest to you that Lionel was not just a great pilot and aviator, but a superb captain. I was personally relieved one day with my family traveling to Phoenix without me when Lionel texted me a picture of the two of them standing together...he was their captain.*

*More than anything, Lionel held his family in the highest regard, and he loved you all. He talked at great length about all your accomplishments and was so genuinely proud of each of you.*

*It is my sincere hope that I can assist any of you in any way that I might, and as time goes by, never hesitate to call me so I can relay a story of two of life on the road with Lionel.*

*With our deepest sympathy,  
Capt Mark and Laurie Galbreath##imported-begin##Capt Mark
