“ Our daughter Shayna made the decision to carry her son even though he would not survive! She had to carry her son into her health was critical! She chose to induce labor and suffered labor pains to so she would deliver her son as a selfless mother! She only prayed God would let her hold him! He was swaddle in a blanket and laid to rest with outhier family that has past! I hope to one day run to my first grandchild and tell him his mother was prepared to let him live before her! We are proud to call her out daughte! Thank you everyone to had supporter her! It means the so much to have ppl understand!
