“ *Mr. Donald was a great guy. Always cheerful and always kind. Loved hearing his stories in the school board break room as did my boys when he would show up in their classroom to share a tale. They would always come home laughing and happy when Mr. Donald visited. Condolences to his family and prayers for comfort and strength in the coming days.*

“ I met Mr Stilley when I started the ninth grade at Doyle High School. Mr Stilley was just out of college and enthusiastic about teaching his Civics class. He was intelligent and compassionate. He took an active part in teaching us to be good citizens and desired that all of his students, especially us rowdy country boys, graduate from high school. He always had kind words and funny stories. He didn't mind if a student joked with him respectfully. He made a huge impact on my life through the encouragement that he gave me. Throughout my life I would run across Mr Stilley and we would have great conversations about his family, my family and the state of our community or the world. We have lost one of the greatest men around, patriot, educator and friend. I pray for comfort for his family. I know God welcomed him home. Larry Phinney

“ So sorry for your loss. Mr Donald was a very kind man and I will miss seeing him around Albany. He always gave me a hug and kiss on the cheek and talked about family. He never knew a stranger because he loved everyone. Prayers for his family at this very sad time.

“ Mr. Donald was one of the sweetest men I have ever met. And always appeared so dapper - a true southern gentleman. Everytime I saw him in the community, he always made time to talk with me. He will be missed.

I am sorry to hear about Donald passing away. I first knew his family when they lived by us on the Old Baton Rouge Hwy. I called his parents, Uncle Ted and Aunt Sister. Donald was always always a good friend to everyone and never met a stranger. He will be greatly missed be all who knew him.

“ *Brother Donald, as I always called him, always put a smile on my face. He always had a hug and kind word (and, of course, a story). I am saddened that we aren't able to gather together to pay our respects because he truly deserves everyone around him telling one last story.*

“ We have lost a great raconteur! Since we were both raised poor, I always understood and appreciated Donald's country humor. I never tired of and will miss hearing his stories. He and I used to say that we were the only people that didn't mind going to funerals. Know that I'm with the family in spirit.
