“ *I worked with Daphne at FEMA and we were on several deployments together. She always had a smile on her face and so willing to help anyone. We spent time exploring the places we were working at and she would always be taking pictures. We stayed in touch after she stopped working for FEMA and she would send me pictures she had taken. She had a wonderful sense of humor and was so much fun to be around. Daphne was a very special friend and I will miss her dearly. My condolences to Gene and her family.*
