“ I can even go back to visiting Emma Lou at the kitchen bar table at maw maw Rogers. I am so glad to have been back in contact with her lately. Really a few years back. She even came to my house and visited me and my mom. Emm Lou was defined outgoing and just didn't care what anyone Kelle thought. My mom, Nitie, always use to tell me that I reminded her of Emma Lou. I knew her health has fallen short as mine had too. Getting older. To all of her immediate family just know she is loved by all of her family. May God b with all of you as you endure the grief of your loss. In Jesus holy name. Amen

“ Emma was one of those individuals who you liked as soon as you met her. She was my secret pal at work and she knew I loved bears every week I would get a new bear if some kind which I treasured and still do. I would have to say that right now my favorite is the bear friendship blanket she gave me which I've been using a lot since being diagnosed with cancer. Emma I know that other than facebook our contact was not what it should have been and that I will regret. I know that we will meet again in the mansion that the Lord has prepared for us, we will no longer suffer and we will rejoice. We are healed by HIS stripes and made whole by HIS blood, until we meet again I Love you.
