“ Grandpa - I will always remember you and all the great times we had together. One of my fondest memories is sitting on the front porch drinking coffee and feeding peanuts to the squirrels while you told me stories. I always looked forward to celebrating Thanksgiving with you and the rest of the family each year and I will really miss you at the head of the table this year. Thank you for everything Grandpa. I love you!

“ Grandpa- I will never forget you riding us around on your lawn mower and then when we were older, teaching us how to drive it. You always had funny stories to tell us about how you got all of your scars and injuries. My favorite memory of you was when you would smell our "perfume" before church each Sunday and say "peeyew, you stink," and we thought that was the funniest thing ever. I am so thankful that I was blessed with so many years of my life with you in it. Rest now. Love you.

“ Mr. Frank was a good man who lived a good life. He enjoyed working with his hands and could fix or install almost anything--even if he had to occasionally fall through a ceiling to do so. His "can do" attitude has been an inspiration to me. He did not spend a great deal of time thinking about whether he could perform a task. He simply set about to accomplish whatever needed to be done.

Though he was often outwardly gruff, his good heart and generosity were demonstrated in his actions. He was always willing to help me whether with business (helped me start a Mobile Home Parts store) or personally in many ways. He was a kind "grandpa" to his grandchildren.

Most of all I am grateful to Frank because--along with his wife Marilyn--he raised two wonderful adults--one of which is my loving wife and the light of my life.

Mr. Frank I know that you struggled in your last few years with health issues. So my heart is happy to know that you are at peace now and in a better place. Until we meet again you will be missed.

“ Dad you were tough at times, but Mom, Tim and I knew you loved us. We will miss all your crazy stories. I guess we will never know if that scar was when you were shot by an "Indian" arrow.
