“ Fred, it has been almost a year since you left to be with God and His Angels. I can feel your presence every day. Sometimes I see a shadow passing me or feel a tiny breeze and know it is you to comfort me. I miss you so much. I wish I could go to your house and place a memory for you. You will always be in my heart. You were such a good man and so easy to love. I will forever love you with all my heart. Jayce is doing fine. I still get him sometimes on weekends and when school was out I kept him for a whole week. He misses you too. He will ask me if we can go to Paw Paw's house and I told him we can't go back. It would hurt to go there and find an empty house without you in it. I loved you then and I love you still. Say hello to Tanya for me. Elsie

“ Fred, I have loved you since we first met on November 30, 2000 and I will love you until the day I die. There will never be another one for me. You were my soul mate, my friend, and my lover. You were the best man I have ever had the pleasure of knowing, but you were a very private person. I will always miss you and my heart breaks every night and when I wake up in the morning knowing I will never be able to talk to you and know you are ok. I know God had a plan for you to take you from me. Six years ago I lost my daughter and now I have lost you, but you will always love and miss you.  
Always loving you
