“ I met Fritz in 1999. We remained good friends through the years. He was one of the kindest souls I ever met. I can't say enough about how he will be missed. My thoughts and love are with his family and friends ❤️

*Fritz aka Boo was my brother & he takes a big part of my heart with him. My name is Susan but my kid brother always called me "sis". We raise each other & I'm thankful for what I learned. May the good Lord continue to care for us both.*
