“ Miss Hazel was a very sweet lady. She was blessed with a long life with loving family and friends. Saying goodbye is one of the hardest things a person does in life. I believe we will be united with our loved ones again in a much better place than on earth. I prefer to say "So long until we meet again." Mandy LeBlanc

Work with Ms. Hazel back in 1980-1981 at the Hammond State School. She never lost her temper or raised her voice no matter what happened. She loved everyone there . It did not matter if you were a co worker or one of the kids. She was so sweat an kind. She had a glow around her that all could see and feel. Anyone who knew her knows where she is tonight. God bless her family and my prayers our with you.

Aunt Hazel will be missed by all. The thing I remember most of all about her, was her quiet strength. No matter what the situation was, she always had a quiet strength about her, that I know could have only come from her beloved Jesus. Many people today call themselves Christians, but very few live it. The Bible says you will know them by their fruits, she had plenty of fruit. We could all learn a valuable lesson from her life, and that is to love one another as Christ loved us. The times in my life when I was around her, I could always tell that there was something different about her, and after coming to Christ myself over 20 years ago, I now know that it was the presence of The Lord. We're going to miss her. To her family, we love you, and will be praying for you.
