“ It's been 18 days since you left us. I found myself this morning at 5:00 am looking out the window to see if you were up. I didn't see the torch lit and that is when it hit me all over again that you were not home. I love and miss you Daddy. Everyday seems like It hits me me over and over again. I can't help but to do my normal routine everyday and that's when your not there again. Why did we have to let you go? I know your with God but that does not make my pain go away. I'm just happy that at least your pain is gone and you get to be where no sickness is allowed.##imported-begin##Jammie##imported-end##

“ Aunt Florence I am so sorry I could not make it down there for the funeral. I am so sad for you and everyone else. Uncle Jimmy was such a funny sweet good dear man. I can hear him giggling right now with that smirk on his face. I am so mad at myself for not ever taking the time to come and see yall like I said I would. Just know that you and your family is in my thoughts and prayers. I Love Yall very much, and am so sorry for your loss, your life partner and my cousins daddy and the grandbabies paw paw. I sure am gonna miss you Uncle Jimmy.##imported-begin##JoAnn Martin (Neice)##imported-end##

“ Florence & children:

*I was so sorry to hear about Mr. James. You are in my thoughts and prayers. I am so very sorry I am not able to be with you all Friday, but I cannot be away from my office in Covington. I just want to share this thought that I have. I believe when Mr. James got to Heaven he of course saw the Lord first and he said " Come in my Child" but as he came in the next person to greet him of course was " Uncle Pete " and I can just imagine him with his pipe in hand saying "common on I want to give you the Grand Tour". God Bless you all! If there is anything I can do please do not hesitate to call. Terri knows how to reach me. Again I just want to apologize for not being able to be with you. You have always been there for our family. I love you. Sue Crockett and Family.##imported-begin##Sue Crockett##imported-end##*
