“ I am very saddened to hear of Larry's passing. We grew up together, went to the same schools and all of us worked on the strawberry farms our parents had. Larry was a hard worker after we left high school everyone seemed to go in different directions. Larry went into service and later told me many stories of experiences he encountered. Larry came from a very good family...hard working folks and Larry was no different. I value our friendship all the years and hope he is at peace.
