Cousin Lonnie was like a brother to me in my formative years. When he was with us living on Libby St, I remember feeling so safe and happy having my big cousin around. He was such a gentle giant, such a light of love and protection for me, even in darker moments of my childhood. I wish I could've been a light to him in his final hours as he'd been to me. I love you forever, Cousin Lonnie!

“ *Such fond and early memories of Lonnie. He was like a big brother or cousin for the short time I was blessed to know him. It speaks volumes of his kindness, joy & laughter to leave such an impact on a small neighborhood kid over a short time. He will always live in our memories and bring smiles when we need them most. I look forward to the day we meet again.*

“ *Lonnie, you will be missed. We loved you. You touched many hearts with your joy & laughter. Your smile lit up a room. You didn't let anything get you down no matter what came your way. You were a protector and treated me like a little sister when I was young, so I always thought of you as family. You treated people so well. You taught me to play basketball when I was little & I think of you when I teach my son. I used to go to your football games & cheer you on. I remember yelling “Hey Lonnie Ray!!!” And you'd yell, “Hey Brittanay!!!” Your loud booming voice always brought joy. You were so strong for your kids & your family was your world. I'm so glad my life was blessed with your presence and I will cherish the memories we shared always. I wish your family my condolences during this sad time. I know you were loved by so many and I hope the joyful memories filled with laughter will help everyone heal. I especially send love to your mother, sister, Jaylen, Alexis & your grandchildren and all of your extended family who I'm sure will be missing you greatly. Love, Brittany*

“ *I first met Lonnie 33 years ago when I was his academic tutor as he worked to keep eligible for football at Deer Valley High School. He was eager to learn and succeed and became close friends with my girls, two of whom attended the same High School. Lonnie came to live with us during his last 2 1/2 years of High School. He was a star football player and our memories include attending all the games where he was nicknamed the "train" by his team because he could barrel through any defense to cross the touchdown line. When his children were born they were the center of his world. His sense of humor and fun loving personality would light up any room. Lonnie was considered a member of our family and we loved him like a son and brother. Rest in peace dear boy and know that you are dearly loved and missed. Mary Lou Palmer*
