“ Noel, I am ery sorry for your loss. Mike was a great guy, and we've missed him very much in the department since he retired. I've known him since he was a shy new instructor sitting quietly in the back of Pat's office. There are so many stories; he will remain in our hearts.

“ Noel, I missed Mike when he left ACC, but now I'll miss him even more. He was my oldest friend at ACC, and we shared many a quick joke before or after class in all those years. My prayers are with you and the family.##imported-begin##Gilbert Benton##imported-end##

“ Dear Noel and family, I have many fond memories of your dad. When he first came to ACC, we shared my small office, then remained friends when he moved up the hall. I will remember him as a dedicated teacher who always made time for some "philosophical" discussions of our work. We even shared a cat once when Mike took home to your Tigger a kitten I rescued at the college, then brought it to my house in desperation that night. I remember well how much Mike loved his young son. May your best memories of him bring you comfort.##imported-begin##Pat Klopp##imported-end##
