“ Momma, I miss you so much. There is no spoken word for the emptiness I feel inside. Loosing you, Ive lost myself. Thank you for the whispers of breeze across my cheek or the wind chimes that sing in the stillness of air or when I'm driving and feel such disparity, our song comes on the radio (The Wonder of You). In those moments, time stands still, reminding me that you are with me. My love for you is undying and will live on and on.... Until we meet again!!

“ Debbie my condolences to you and Paulette's children. Paulette was Paulette and she did things her way. I am glad I was able to reconnect with her a few years ago. I will always remember our fun times together in high school. She is at peace now in Gods arms.

“ Gary and April, I don't know if you remember me, Gracie Pereira Johnson, I was a high school best friend of your Mom's and April I went to see your Mom when she was in Pumpkin Center. I can't begin to express my sorrow of the passing of my friend and believe it or not she has been popping into my head for the last 2-3 weeks. I couldn't figure it out and was going to try and find her and rekindle our friendship. Please know that I will miss her and angry with myself that I didn't start my search three weeks ago. Your Mom gave me such happy memories and I, just last week, was telling stories about us to my own Sister. I want to think in her way Paulette was telling me bye by me remembering our shenanigans! Love to you my Paulette I will truly miss you.
