“ My mom was a beautiful soul and will be missed by everyone who knew her. I am sad the suffering she had in this lifetime and am relieved her physical body isn't causing her anymore pain. She is free on the other side and joined with her mom and dad who she missed immensely through her life. I loved her so much and wished she didn't have such a difficult heartbreaking life because she was one of the most caring people you could have ever met. That is what made her such a great nurse in her career. She always stayed so positive and was so good to people. That above all is what I will try to do my best to take from her in my life lesson.

*I worked with Kathy for a brief time but remember all her jokes and smile! She was always talking about her family which showed how much love she had for them! Prayers for peace and comfort for them at this difficult time! Sincerely, Patty Green*

“ KATHLEEN is my first cousin. Her father was my mother’s brother - Uncle Jack. KATHLEEN and I were born in 1954- I remember when her mom passed away. We were just little girls. So very young for her and her brothers to lose their mom. KATHLEEN and I have corresponded for years. She was one of the kindest people in the whole world always had a positive attitude and had love in her heart for everyone, especially her children and grandchildren she was very proud of all their accomplishments. Kathleen was extremely happy when her grandchildren visited and how artistically talented Allison is- there was no question that KATHLEEN’s children and grandchildren were the beacon of light in her life. Early on we talked about her coming to visit and seeing New York City for the first time -sadly that never happened. when my mother was in her elder years, she was in a nursing home in Maine and we had a good fortune of being able to have zoom calls with her. KATHLEEN came a few times and it was so wonderful to have her there seeing my mom RITA, and for my mother. It was a comfort to see her brother’s daughter. I will miss KATHLEEN terribly. I’m only sorry I didn’t have the opportunity to meet in person or to talk to her that final day of her life. Kathleen was a brave woman and I know she suffered greatly physically but throughout everything she remained positive and filled with love that was the beauty of her soul and heart. She was incredibly beautiful inside and out and always will be with me in my heart- with all my love always- MAY GOD BLESS ALL OF YOU AND KNOW THAT YOU ARE IN MY PRAYERS.
