“ Bob Witte was my mother’s youngest , much loved brother. My mother,Mary, and her mother were both pregnant at the same time. My sister, Camille was born, and ten days later Uncle Bob was born. I know he had some sad times in his life, but my memories are of a dashing, handsome, always smiling, young man who was someone my family adored and was always happy to be with. He was military, so immediately he had my father’s stamp of approval. He was usually the life of the party, and he and Betty Sue were always welcome. The Nulta family, at least I did, lost track of him after our mother died. For that we will always be sad we did not get to say goodbye. Our late but sincere condolences to his/our family.

“ Uncle Bob was my Daddy’s brother and one of my favorite Uncles. I hadn’t spoke with him since he became ill but did try to contact him. He was last of my Grandpa and Grandma Wiite’s children to pass away. He was a wonderful man He will be missed. I know he went to heaven to the tune of When The Saints Go Marching In. Saints were his favorite football team. Condolences to his family.

“ I have known Bob since 1971, when he and I were fighter pilots together at the Meridian, MS Air National Guard base. Several times we flew together over my family's hunting/fishing property at Zemurray Gardens. After Major Bob's 20 year USAF retirement, Bob managed that property for an additional 20 years, living there with Betty, and utilizing his incredible hunting/fishing skills. Bob taught me turkey hunting, and together I harvested my first (and many more turkeys) there. RIP Bob, you will always be missed by all of us.

“ Bob was a very special friend, enjoyed our many fishing trips together, especially those evenings spent fly fishing for monster summer blue gills. He was a true friend and mentor, really enjoyed our road trips, never a dull moment! He truly will be missed.

“ Bob was a very influential person for me when I was young. He taught me how to shoot, fish and hunt. He pulled me out of the ditch a few times as well! He took me hunting and fishing so many times I can't remember all of the days. Our last turkey hunt together was about six years ago. We were looking for a place to set our chairs. Bob chose a spot just above the road and set down his chair. Unfortunately, the brush and cover were so thick he did not realize he set his chair on a tangle of vines with no earth below. When he sat down he tumbled backwards into a shallow creek bed. We both laughed for several minutes. If you knew Bob, you know he liked to laugh!! We had to find a new spot to set up; those woods were ruined for the day! I will surely miss him!

“ Mr. Bob was a fine man. I am grateful that God put Mr. Bob in my life. He had a deep love for the outdoors that he also saw in me. Mr. Bob invested in me, mentored me, and poured into me. My boys have grown up hearing stories of Mr. Bob and our adventures together at Zemurry. I owe him so much that can never be repaid. My hope is that his legacy, love and passion for all things natural and wild would live on in me and that I would be able to honor that legacy by passing that love along to my boys and the next generation of outdoorsmen. Mr. Bob will be missed and will live on in the countless memories we all have made with him. My most heartfelt condolences to his family and friends. David Bush Monroe LA.
