“ Erin, we will always remember that smile and laugh. We had fun times on the water with him. He had such a zest for life and enjoyed every second of it. I talked to him Friday night, and even as weak as he sounded, he asked how I was doing. He will surely be missed. There was only one "Doc".....

“ Thank you for your guidance, at work and in my personal life. As hard headed as I am you found a way to break through and I am grateful God put you in my life. I will miss you dear friend and will always remember your quote, "We're not trying to build a watch". I am so sorry for your loss your Daddy always lit up when you called. He always referred to you as daddy's little girl. May God give you peace in this hard time. Ron will be missed by all.

“ Ron and I have known each other for over 40 years. We worked together at PSI in the early days. It's been a pleasure to have the opportunity to work with him again here at Norco for the past 4 years. We talked a lot about life on the water and cooking. I learned a lot from him. He was one of the good guys not only in engineering but in life. He will be greatly missed.
