“ Cindy, Chad and Bryan, Our hearts are so sad, yet so very thankful for having had Shaun with us. Our family gatherings were always brightened by his sense of humor and his love of life. We have learned so much about the gift of time from Shaun, and his creativity and art added to the wonder of God's world. We will treasure the funny videos, the silly comments and the good times we had. You three boys are such a gift to Melissa, Michael and Matthew and to all of the cousins, aunts and grandparents. Let's go forward using Shaun's love of life as our guide to the future, knowing that God will reunite all of us in a great big Tullier family reunion!##imported-begin##Uncle Paul##imported-end##

“ Our son, Ryan, is a resident physician at UAB and had several opportunities to meet Shaun. He told us that although the medical staff tries not to get emotionally close to their patients, that they couldn't help but get close to Shaun. Ryan said "He was such a nice person you couldn't help but like him and get close to him. The whole staff was close to him".

Our deepest condolences go out to the family and friends of Shaun.##imported-begin##Ashley Lloyd Gonzales##imported-end##

“ Pat, Cindy, Chad, Bryan and family, we are so sorry you are having to feel this pain. Cindy, I remember so many hours we spent in the gym watching our three sons play basketball. We joked about "there's a special place in heaven for the mother of three sons" I'd like to think that is true, and if so, surely there is for you, you just can't know how much you have inspired me by doing things that so many of us take for granted, and always with a smile. You always had your camera and video camera when we should have. You truly have a servant heart. Your boys are so special to us, their determination to accomplish the things they have is an example for so many. Shaun, you will always be with us. Chad and Bryan, classmates, and team mates with Garrett and Stephen, we love you and are praying for God to comfort you. Teresa Kimble and family##imported-begin##Ann Severance##imported-end##
