

## William "Bill" Kline Jr.

September 17, 1943 - November 8, 2022

Bill, age 79, passed away on Tuesday, November 8, 2022. He led an active life, living out his dreams and aspirations. One of Bill's favorite activities was working on improvements to his '65 Chevy Corvette, like when he installed an 'LS3' motor in order to have that Vette sound good and go fast. He owned that Vette for over 45 years. Bill was also private pilot for 20 years, while landing his 201 Mooney Aircraft in 49 States including Alaska. He often flew with his loving wife, Rhonda, to California, Iowa, and other states in order to attend old-style drag-racing events. Bill was an old dragracer way back in the 1960's & 70's. Bill was a loving husband, and also a devoted loving son, who adored his mother. Bill is already dearly missed by all who knew and loved him.

Bill is survived by his loving wife, Rhonda Oliver Kline; close friends Terrie and Chris Lassen.

Bill is preceded in death by his mother, Juanita Kline; father, William Asa Kline, Sr.

A private family Memorial will be held for Bill at a later date. Thank You.
